HUBBELL PREMISE WIRING

WORK STATION

Plates, Rear-Loading

Designed to Flush Mount with Box Eliminator.
 Durable Construction.
 Complemented by a Broad Range of Voice/Data/Video Modules.

FEATURES

- Provides a rear loading, snap in, flush mounting of Hubbell XCELERATOR™ Jacks and Audio/Video keystone connectors.
- Available in single and double-gang.
- All IFP plates are supplied with paper labels, clear screw covers, and color-matched screw covers.
- Individual-port configurations allow specification flexibility.

SPECIFICATIONS

- ◆ UL listed and cUL certified.
- ◆ ANSI/TIA/EIA-606-A station labeling capability.
- ◆ UL 94V-0 rated flame-retardant material.
- ◆ Mounts to standard NEMA openings and boxes.

Hubbell's IFP Rear-Loading plates provide an attractive, sleek new style to the workstation. The IFP plates add security at the workstation through rear loading. TIA/EIA-606 station labeling capability is provided through two labeling options: paper labels with clear covers, or color-matched covers for use with adhesive labels.

These plate features include vertical orientation of all port openings and flush mounting with box eliminators. Available in 6 colors including black which is ideal for use with office furniture systems.
