110 Wiring Block - Category 5e/6

The 110 Wiring Block is a fire-retardant molded plastic block with horizontal index strips each of which secures and organizes 25 cable pairs. The index strips are marked with the five tip colors to help the installer locate pairs quickly. The blocks accommodate 0.643 mm - 0.404 mm (22 - 26 AWG) diameter conductors and can be mounted directly on wall surfaces.

There are two types of 110 Wiring Blocks: 110A Wiring Blocks and 110D Wiring Blocks. The 110A Wiring Block is equipped with legs to provide space behind the block for routing the incoming cables. The 110D Wiring Block is built without legs and is used where depth is restrictive. Each type can be ordered in 100-pair or 300-pair sizes.

The 110 Wiring Blocks can be used with patch cords to support Gigabit Data Rates or cross-connect wires up to 10 Mb/s. When using in patching applications, it is important to use a 110 Jumper Trough between each 100-pair block to allow for horizontal routing of patch cords.

Backboards should also be used to neatly organize the vertical routing of jumpers and patch cords.

Tech. Info & Standards:

GigaSPEED: TIA/EIA Category 6 compliant when installed with 110 GS Patch Cords.

Meets UL XP7 specifications

PowerSUM: TIA/EIA Category 5e compliant when installed with PowerSUM 110 Patch Cords or cross-connect wire.

Meets UL XP6 specifications

Dimensions:

25/50 pair Height: 1.75"

100 pair Height: 3.59" (9.12cm.)

300 pair Height: 10.79" (27.41cm.)

Width: "A" block 10.72" (27.23cm.), "D" block 8.5" (21.60cm.)

Depth: "A" block 3.25" (8.25cm.), "D" block 1.4" (3.60cm.)

Fabricante	SYSTIMAX SOLUTIONS
Part Number del fabricante	110AW2-100
Commcode	107059891
Descripción	PANEL 100 PARES "HARDWARE A" CON PATAS SIN CLIPS NI ETIQUET 107059891 GS CAT6

Características	
Termination:	110
Category/Level:	LEVEL 7 AND/OR CATEGORY 6
Color:	IVORY
Number of Pairs:	100
Market Name:	SYSTIMAX SCS
Family:	GIGASPEED
Sub Family:	110 BLOCK
Comcode	107059891
Description	100-pair, w/legs
No.	110AW2-100
